PROCESS EXPO 2019: exhibitor registration now available

All companies offering technologies and integrated solutions for the food and beverage industries with their sights on the US market are now able to register for PROCESS EXPO 2019. Forming part of the interpack alliance the US event will be held at the McCormick Place exhibition centre in Chicago from 8 to 11 October. Registrations will be accepted on a first come, first served basis – so interested companies should not wait for too long – all the more as a large proportion of the exhibition space has already been allocated to members of the organising Food Processing Suppliers Association (FPSA) as well as existing exhibitors in the run-up. At www.myprocessexpo.com, interested firms can check out the stand places still available on a hall plan. Your contact for booking through Messe Düsseldorf is Malte Seifert, Senior Project Manager (SeifertM@messe-duesseldorf.de, Tel.: +49 211 4560417).

Last year's PROCESS EXPO was very successful in terms of both exhibitor and visitor numbers and particularly scored points with its noticeably higher international attendance levels. The event with its horizontal line-up of technologies for processing and packaging/filling all sorts of food and beverages was characterised by an extensive programme of supporting events, which was very well received by visitors. Under the label "PROCESS EXPO University" these events covered a wide range of topics – such as food safety, alternative manufacturing and automation methods as well as packaging-related subjects specific to the industry – in determined segments such as meat/poultry/seafood, dairy products, beverages etc.

MADE FOR TOMORROW

For the coming PROCESS EXPO, the plan is to expand the programme even further. For this reason and due to the good exhibitor response the trade fair will be held in the bigger South Hall at McCormick Place in 2019. For further information on PROCESS EXPO 2019 go to www.myprocessexpo.com.

24 April 2018

About interpack alliance

The interpack alliance comprises events of Messe Düsseldorf that form part of the Processing & Packaging portfolio. Exhibitors and visitors can recognise the corresponding trade fairs by an umbrella brand that is oriented towards its counterpart – interpack, the world's most important event in the packaging industry and related process industries. In addition to the flagship trade fair giving the alliance its name the interpack alliance includes the trade fairs upakovka (Moscow), food pex (Shanghai), bulk pex (Shanghai), pacpro Asia (Shanghai), pacprocess India/IndiaPack and food pex India (Mumbai, New Delhi), pacprocess Tehran (Tehran), components (Düsseldorf), food processing & packaging exposium Kenya (Nairobi), indopack (Jakarta) as well as PROCESS EXPO (Chicago). The Chinese events are held together every two years as the Shanghai World of Packaging (swop). The interpack alliance targets the segments food, beverages, confectionery and pastries, pharmaceuticals, cosmetics, non-food consumer goods as well as capital goods on important growth markets – with focal themes differing by event. The trade fairs in China, India, Iran and Russia are exclusively supported by the Italian Packaging Machinery Manufacturers Association, UCIMA.
